## President's Message – January 2026

Happy New Year to all our members! I hope your 2026 is off to a blooming start.

### A Note on the Holidays

I want to sincerely apologize for missing our holiday potluck. I was truly sorry to miss the festivities, but I hope everyone had a wonderful time celebrating together and enjoying the delicious food and great company.

### January Meeting: Show Prep & "Orchids at Play"

Our next meeting will feature a **PowerPoint presentation on plant grooming and preparation for show**. This is the perfect time to learn how to make your orchids look their absolute best—including tips on trimming dead growth and proper staking—before they head to the display table.

We will also be discussing the [Cape and Island Orchid Society Show](#), held **January 24–25, 2026**. The theme this year is **"Orchids at Play"**. We are looking for creative ideas or props that fit this playful theme. Some ideas to consider might include:

- **Vintage Toys:** Small wooden blocks, colorful kites, or antique marbles.
- **Whimsical Garden Scenes:** Miniature figurines, birdcages, or even a "swing" for a small orchid.
- **Outdoor Activities:** Small-scale beach balls, sand buckets, or garden "tea party" accessories like teacups and teapots.

### Our Annual Show and Sale

We are gearing up for our biggest fundraiser of the year, the [Amherst Orchid Society Show & Sale](#), held **February 21–22, 2026**. To make it a success, we need your help:

- **Volunteer:** Please sign up for duties on the sheets provided at the meeting.
- **Contact:** You can also contact our Show Chair, **Marc Gray**, at [bulbophyllum@myfairpoint.net](mailto:bulbophyllum@myfairpoint.net) to see where you are needed most.
- **Raffle Items:** We need donations for our **"Orchid Lover's Raffle Basket."** Items like specialized tools, decorative pots, orchid books, or art would be wonderful.

### Looking Ahead

Next month, we will meet to finalize positions for the show and ensure all volunteer opportunities are covered. I look forward to seeing you all at the meeting!

Best regards,

Stacy Soldato

President, Amherst Orchid Society

Do you have a blooming orchid that will not be able to make it to a show table? Perhaps the flower is too delicate, possibly the weather is too cold to risk the plant, or maybe the darn thing refused to open until the day after our monthly meeting (they always know!). Send your pictures to Aimée at [aimeehudon@gmail.com](mailto:aimeehudon@gmail.com). We can still appreciate your orchid's beauty in the newsletter!

Ctsm. ivanae 'Purple Fantasy' x Ctsm. tigrinum 'SVO'  
I bought this at the orchid show this past February, it flowered in September, but I could not make it to the meeting that month.
